³University of Lugano

“yet another Paxos variant”?

“yet another Paxos variant”?

- Extension to Paxos-like protocols

“yet another Paxos variant”?

- Extension to Paxos-like protocols
- Multiple coordinators **per round**
 - ▶ Improved availability

“yet another Paxos variant”?

- Extension to Paxos-like protocols
- Multiple coordinators **per round**
 - ▶ Improved availability
 - ▶ Load balancing capabilities

“yet another Paxos variant”?

- Extension to Paxos-like protocols
- Multiple coordinators **per round**
 - ▶ Improved availability
 - ▶ Load balancing capabilities
- Dynamic Multi-mode
 - ▶ Classic, Fast, and Multicoordinated

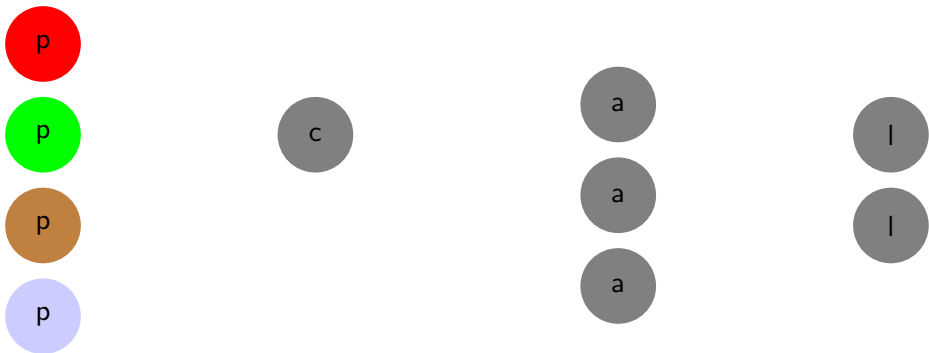

“yet another Paxos variant”?

- Extension to Paxos-like protocols
- Multiple coordinators **per round**
 - ▶ Improved availability
 - ▶ Load balancing capabilities
- Dynamic Multi-mode
 - ▶ Classic, Fast, and Multicoordinated
- Bonus: clear disk access pattern

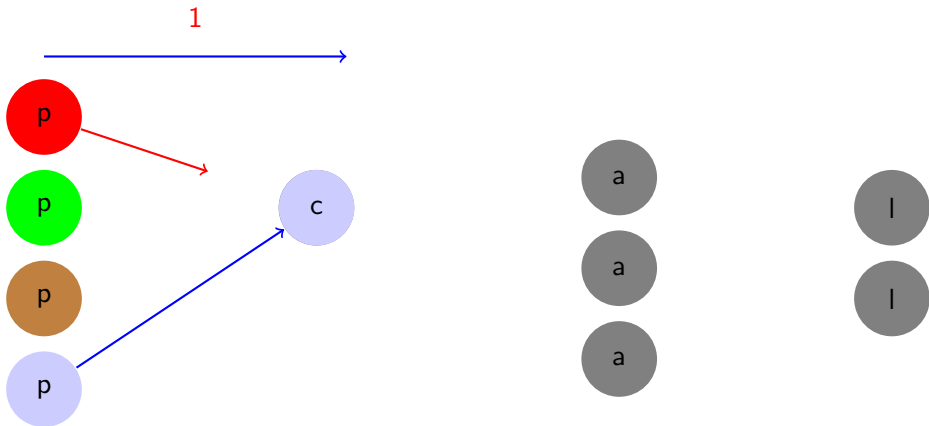

“yet another Paxos variant”?

- Extension to Paxos-like protocols
- Multiple coordinators **per round**
 - ▶ Improved availability
 - ▶ Load balancing capabilities
- Dynamic Multi-mode
 - ▶ Classic, Fast, and Multicoordinated
- Bonus: clear disk access pattern
- No extra assumptions required for liveness
